Rochester, N.Y. Feb 9, 1917.

To the Supt of Mt Hope Cemetery.

Dear Mr Keller.

When I bought the additional N.W. section of my lot I did so with the idea of insuring a burial plot of sufficient size to bury the members of the Butler family as it then stood, my father and mother, my brother, his wife and four sons, my own son (an only child) being already buried on the S.W. section. When father and mother died I buried them next to my son, leaving two vacant spaces in the first row and five vacant places on the E. 1/2 of S.W. 1/4. These vacant spaces are for myself, my wife, and my son Wayne in case he lives to have a family

The N. West section contains the graves of my brother and My wife's brother, leaving 8 vacant spaces for my brother's wife and her four sons. I wish them to have the use of these vacant places as follows.

- Mrs Jessie M Butler, grave # 2.
- Wm F Butler Jr # 3.
- Geo A Butler # 4.
- Fredk Butler. # 5.
- Orman Butler. # 6.
- # 7.
- # 8.
- # 9.

Robert Cornwell # 10. (new occupied)

This arrangement brings all our family together, as will be seen.

Should any of my nephews marry, and the necessity arise to change the above order they are at liberty to do so, as they may agree among themselves. My original intention was to provide for my brother family while they were growing up, the lot not being large enough to provide for their possible families after they married. If in the natural course of events any of them marry and prefer not to avail themselves of the above privilege, they of course are free to do so.

I desire all future headstones to be of the same shape, size and material as those I have erected, and for this reason shall retain title to the N.W. section with the understanding that my brother's family shall have the use of the above named spaces, and I would thank you to kindly make the necessary record on your books to secure them such use in case of my death, so that no misunderstanding can possibly arise

Very truly
G. D. Butler
