PREFACE TO THE FIRST EDITION.

THE following work grew out of the additions and alterations found necessary in using the ordinary form of Parish Register. It is published at the request of sundry clergymen, by whose suggestions the plan has been much improved. But it is based in great part, as every similar work must be, upon the admirable form of Register published long ago by MESSRS. STANFORD & SWORDS; to the author of which, the late Rev. BENJAMIN I. HAIGHT, D. D., LL. D., the Church is indebted for the first and hitherto the only attempt to provide for the proper collection and preservation of Parochial Records. It is hoped that the improvements made upon that basis, and especially the additional forms contained in this Register, will be considered a sufficient apology for its publication.

The chief objection likely to be made to the plan is the difficulty, in large parishes, of always obtaining and recording properly the details for which forms are provided. To this may be answered:

1. Few will doubt that the full registration here provided for is desirable *when* practicable.
2. Such full record will seldom be made, as all experience shows, without the use of tabular forms.
3. A blank space or column, where all the details cannot be obtained, is better than *no* provision for them, where they can and should be recorded.
4. The cases are, after all, rare, where a *little care* on the clergyman's part will not obviate all such difficulty. In the case of persons applying for the baptism of children, a blank form to be filled up by the applicants, or by the clergyman from their answers, will almost always effect the object. In a large parish, such blanks might be printed for Families, Communicants, Marriages, Burials, &c., and accurate details obtained with very little trouble either to rector or people.

In truth, the success and usefulness of this form, or indeed of any form of Parish Register, will depend mainly upon one thing—the willingness of clergymen to bestow as much care upon their Records, and to make their entries with as much fullness, neatness, and accuracy, as is *required* in the accounts of every business, however small and unimportant.

PREFACE TO THE TWENTIETH EDITION.

The only material change in the "NEW PARISH REGISTER" suggested by the experience of the thirty-three years during which it has been the only Record of the kind in general use throughout the Church in the United States, is the omission of the forms originally provided for annual "Summaries" of Offerings and Statistics. In other respects, and especially in excellence of printers' and binders' work, the Register remains the same as when first published.

HOW TO USE THIS BOOK.

THE following suggestions and explanations may be of service to clergymen.

I.—FAMILIES.

1. Arrange them in the order in which each family became connected with the parish.
2. Give to each family, less than twelve in number, the space *across the page* between the horizontal red lines; thus keeping each family distinct, and leaving room to note subsequent changes. If the family contains twelve or more names, combine two of the horizontal spaces.
3. Write the *ordinal number* I, II, III, IV, etc., under the heading "Number," on the intersection of the double red lines.
4. Insert the maiden name of the wife. Place the names of *children* immediately after those of parents, and other names always in the second column.
5. The *age* recorded should correspond to the date in the first column.
6. The heading, *B. C. C.*, indicates the abbreviations used respectively for those *baptized, confirmed or communicants*.
7. *Deaths* may be indicated by the mark (*) immediately before the names; *removals* by the mark (†).
8. A list of families thus kept *will not need re-writing* while the register lasts.

II.—BAPTISMS.

1. *Day and Date.* That is, *ecclesiastical and civil date*.
2. *Place.* If not in Church, state at what house.
3. In recording *adult baptisms*, write "adult" under the surname.
4. Give the family name of the mother, the residence of the parents, and the residence and relationship to the child of sponsors other than parents.
5. Every baptism should be authenticated, if possible, by the *signature* of the clergyman officiating.
6. *Certifications* of Private Baptisms which were not performed in the parish, may be noted on the last line of the page; other certifications, under the "Day and Date," and "Place" of the Private Baptism.

III.—CONFIRMED.

1. Give names in *full*. Note the *place*, if other than the Church.
2. *Baptism.* If in the parish, a reference (by number or page) to entries of baptisms is sufficient; if elsewhere, give the name of the parish or religious body in which it was performed.

IV.—COMMUNICANTS.

1. "*Day and Date*"—of reception, or first Communion in the parish.
2. "Number"—as in all cases refers to the chronological order in which the names and date should be written.
3. Write the *year* distinctly above the names added for that year, leaving a blank line above and below it.
4. The narrow column immediately before the name is intended to show at a glance the deaths (*), removals (†), and suspensions or withdrawals (‡).
5. Write the maiden name of married women in a parenthesis *before* the surname; the surname added by marriage after becoming a communicant, in a parenthesis *after* the maiden name: e. g., *Mrs. A—(B—) C—*; [*Miss*] *A—B—(C—)*. *A* representing the Christian name, *B* the maiden name, *C* the husband's name.
6. *C. A. R.* Denoted by *C*, those *admitted* to communion on their confirmation in the parish; *A*, those *admitted* otherwise, adding *C*, if subsequently *confirmed*; *R*, those *received* from another parish. In the latter case, give the name of the parish "whence received."
7. The name of the communicant returning after removal should, as a general rule, be re-entered at the foot of the list. Except in such cases, no name need be recorded more than once. If the removal is temporary or uncertain, the mark (†) may be in pencil, and thus easily erased.

V.—MARRIAGES.

1. "*Place*" i. e. in Church; or at what house.
2. The names and *residence* of two or more special witnesses should be recorded.

VI.—BURIALS.

1. After the name of a wife, note that of her husband; after that of a child, those of its parents, &c.

VII.—INDEX.

It may often be found convenient to arrange the INDEX in the form of an *Index Rerum*, by dividing the space given to each initial into five subdivisions, heading each with an initial and vowel, the latter representing the first vowel of the name, as *As, Ac, Ai, Ao, Auy*, &c. The proportions of the vowels under different initials may be readily found by looking through any alphabetical list—as the Clergy List in the Church Almanac—or, still better, by first preparing a list from the Parish Records, and regulating the spaces accordingly.
