 Confirmations.
 Burials.
 Marriages.
 Appendix—Families.

HOW TO KEEP PARISH RECORDS

Every Parish and Mission should keep three books or sets of books. The CHURCH REGISTER is kept by the Rector; the MINUTE BOOK by the Clerk of the Vestry; the FINANCIAL ACCOUNT BOOKS by the Treasurer. All three are to be open to all proper parties at all times.

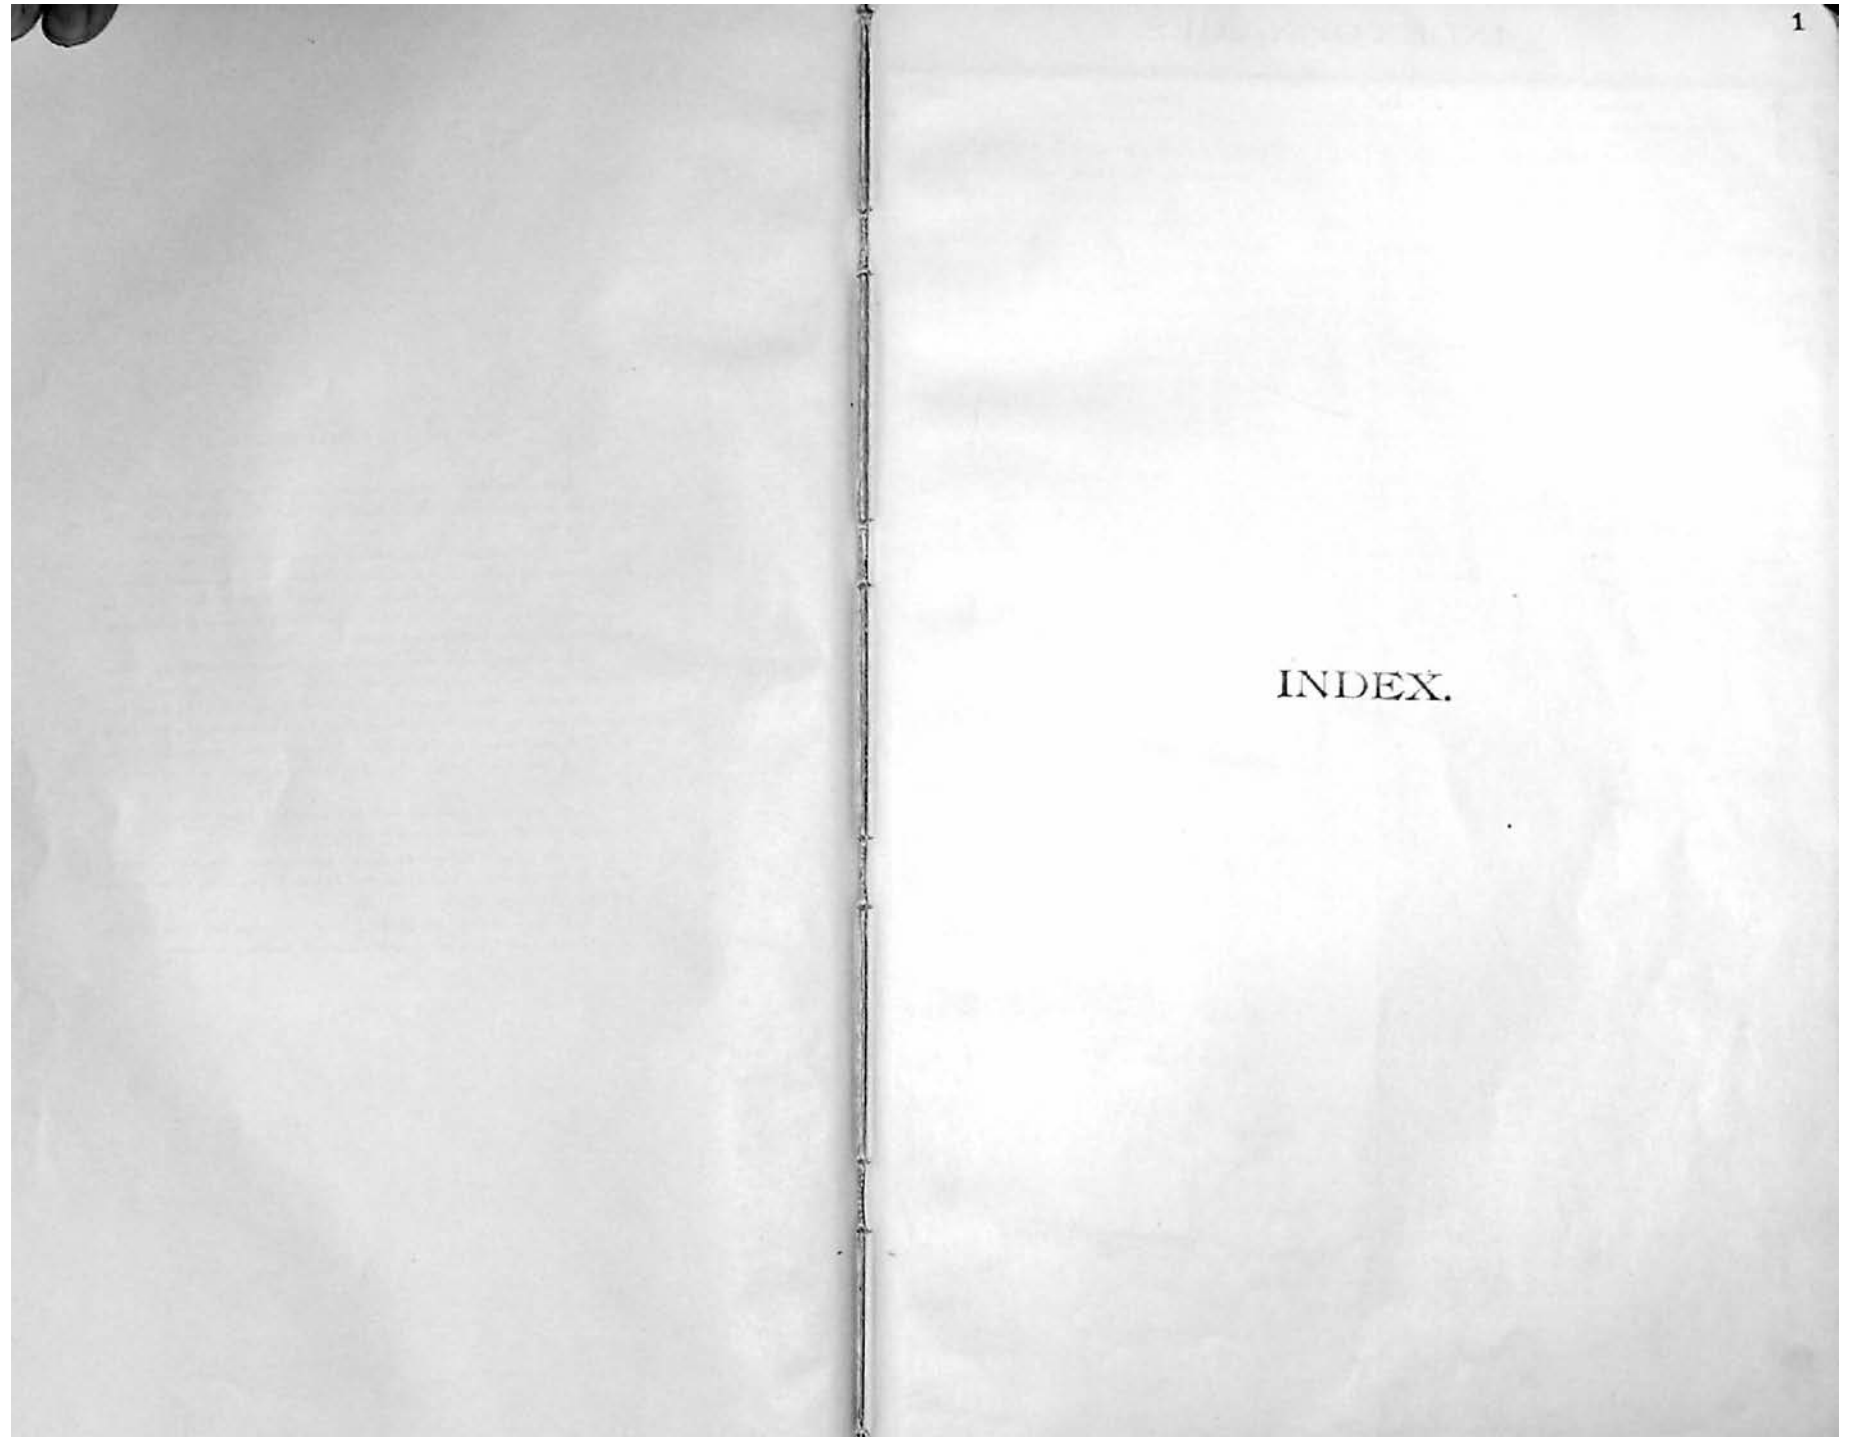

The CHURCH REGISTER contains the vital records of the Parish, and is legal evidence as to births, marriages, and burials. It is to be examined by the Bishop at his annual visitation. The records should be entered *immediately* upon performance of any office, by the minister himself. The Marriage Record should invariably be signed by each of those parties specified in the Canon. [In the larger Registers, the Marriage Register constitutes a second volume].

All permanent entries should be recorded in black ink. Temporary Memoranda as to Communicants and Families—as "can't find," "ceased to communicate," etc., if made, should be in pencil as easy to erase and not proper as matter of permanent record. No name should ever be erased or scratched. Every name, once entered, must be accounted for in the Register. Where communicants are transferred to another Parish, enter "transferred to A. B." with date. If Letter of Transfer is not issued, enter "removed to A. B." It is wise in such instances, to apprise the Rector of the parish into which such parties have moved.

A new name entered on any page should also be entered in the Index. The Index should refer to each page upon which any name is entered for any purpose.

The List of Families entered in the Appendix is also required by canon, though not properly a part of the Parish Register. It is bound together with the smaller Registers in order to save the expense and trouble of keeping two books.

Suitable blanks and certificates for Marriage, Letters of Transfer, Application for Baptism and other offices, Blanks for Family Record, etc. may be obtained from the Publishers of this Register.
