The Church Council herewith submits a report on the
 finances of the Church, the record of attendance at
 divine worship, and wishes herewith to express appreci-
 ation to all members who in a spirit of cooperation and
 Christian faithfulness made the direction of our church
 affairs a joy and not a burden.

RECORD OF CHURCH ATTENDANCE

Number of English Morning Services -	55	
Total Attendance -	13,280	Average Attendance - 223.3

Number of English Evening Services -	23

Albert Meili, Jr., Head Deacon.

Though our record of attendance has been satisfactory, we
 make a plea for more regular attendance on the part of
 those whose relation to the church is a peripheral one.
 Too many of us are luke warm because we stay too far away
 from the center of our spiritual source of fire, the
 Worship Services.

Your Place each Sunday Morning is in Church!

Dear Council Members:

The Church Council of St. Paul's Evangelical & Reformed Church has appointed the undersigned to convey to you an expression of the deep sympathy we have for you as we call to mind the passing away of your pastor.

To know him was to love him, so we can sympathize with you in your loss.

In the supreme confidence that Christian faith like his cannot be conquered by death, but will triumphantly rise and be transformed into a higher life, we commend you to the grace of God, our Father who "keepeth watch over His own".

May your sorrow be changed into an unconquerable trust in the Almighty and His Son, Jesus Christ, our Lord.

MAIN 3472

April 26th, 1937.

German United Evangelical Church of St. Paul's
c/o Rev. E. H. Hoefer,
96 Saranac Street
Rochester, New York

Gentlemen:-

This will advise, as a matter of record, that the purchase by you of property at #26 Navarre Road and being known as Lot No. 45 of the Seneca-Ridge Tract was completed, the purchase price paid and the deed to you recorded in Monroe County Clerk's Office on April 17th, 1937.

The following is a statement of the figures and adjustments computed and arrived at at the time of the closing of the transfer, viz:

Purchase price		\$4500.00
Insurance (Fred Meinhart, Agent) \$8,000.00 premium \$36.00 expires August 20th, 1937		\$ 4.10
Amount to apply on 3rd Installment of City Tax with Loan Association		\$ 16.10
Credit for prepaid City Tax		<u>\$ 41.32</u>
Total	-	\$4561.52

Credits to purchaser:

Assumed Columbia Banking, Savings and Loan Association mortgage	-	\$2260.36
Rents -- Free occupancy till May 1st, 1937. Everything to be cleaned out	-	\$ 00.00
Water \$1.89 plus \$2.50 plus \$9.45 plus approximated \$1.15		\$ 14.99
Deposit		<u>\$ 15.00</u>
		<u>\$2290.35</u>

Leaving a balance of - - \$2271.17 the check for which amount was delivered by your Treasurer at the closing to the attorney for the seller of the property.

The original policy of insurance changed into your name as owner, is enclosed herewith.

As you will note from the above the Loan Association had been

-2-

receiving payments from the owner to apply on taxes and the Loan Association had in their hands \$16.10 to apply on taxes subsequently coming due and for that reason it was necessary to reimburse the seller for that amount which you have as appears on the foregoing statement. They had also prepaid the City taxes to the extent of \$41.32 beyond the proportionate amount that was due at the time of the closing of the transfer. That amount is also included in the above statement.

In the deed you assumed the mortgage held by the Columbia Banking, Savings and Loan Association upon which there was unpaid at that time \$2260.36. You are entitled to the complete occupancy and possession, also the keys on or before May 1st, 1937, the seller is to occupy until that time, if they wish but all trash and such is to be cleaned out by them.

We took credits for unpaid water bills (3) ~~at~~ an approximated amount to apply on the next reading and after the closing of the deal your Treasurer paid the three water bills due amounting to \$13.83, receipt for which he has in his possession.

You also made a deposit of \$15.00 and for which a credit was taken on the closing statement. At that time you also left with me a check for \$2244.26 which represented the balance unpaid on the mortgage to-wit: \$2260.36, less tax fund credit of \$16.10 or \$2244.26. With this check we have received the bond and mortgage previously given by Joseph E. Summerhays and others, also a discharge of the mortgage which has been filed in the County Clerk's Office and which mortgage has also been discharged on the Abstract of Title.

The next water bills I believe will be due in the month of July and payable at the City Treasurer's Office.

The unpaid installments of the City tax due in June and August are likewise unpaid and should be paid in those months to avoid interest.

You appear to have, from the abstract of title, a good fee title of said property and the same is free and clear now of all liens and encumbrances except the restrictions running with the land, Telephone and Light Companies easements and of course the taxes mentioned.

Your deed is also enclosed herewith.

The Abstract of Title we have placed in your file and is not enclosed on account of its bulkiness but you may obtain the same at any time that you may desire it.

TO THE PASTORS AND OFFICIAL BOARDS
OF THE CONGREGATIONS OF THE WEST
NEW YORK SYNOD. Present to your October meeting.

Dear Friends: Greetings.

At a meeting of the Synodical Council and the Kingdom Service Committee of the Synod the work of assigning the apportionments for the year 1941 (February 1st, 1941 to January 31st, 1942) was undertaken.

Of the \$1,530.248 budget adopted at the General Synod meeting at Lancaster, Pa. last June, there was assigned to the West New York Synod, the sum of \$61,363. This amount has been allocated to the congregations of the Synod according to the plan adopted by the General Synod with adjustments as seemed necessary. If there is a need for further consideration of the apportionment, congregations are instructed to write to Chairman Rev. Elmer H. Hoefler, 26 Navarre Road, Rochester, N.Y.

A. KINGDOM SERVICE APPORTIONMENT Your congregation is asked to raise the sum of \$ ~~1153.00~~. Make checks payable to the General Synod Treasurer, Mr. F.A. Keck, 1720 Chouteau Ave., St. Louis, Mo., on a monthly basis, whenever possible. The Synodical Council voted to follow this procedure, rather than to receive this money thru the local synod.

B. ADMINISTRATIVE FUND, SYNOD WORK AND STUDENT-AID By vote of the General Synod of Administrative Fund payment is 12¢ per communicant member, or \$ ~~49.20~~ for your congregation. Out of this Fund the operating expenses of the General Council are paid.

By vote of the Synodical Council, in order to meet the budget adopted by the Synod at its last meeting, 10¢ per communicant member, or \$ ~~41.00~~ for your congregation.

For Student-Aid, to assist our students preparing for the ministry, the Board of Examiners has asked the sum of \$1,000 for 1941, or, 4¢ per communicant member, \$ ~~16.40~~ for your congregation.

The above three items, amounting to 26¢ per member, are to be paid out of your current expenses and to the Treasurer of the Synod, Mr. Leo W. Blaufuss, 10 Wichita Road, Buffalo, N.Y. at the Spring meeting of the Synod.

It is hoped that every congregation will recognize it as a Christian privilege as well as an obligation to make every effort to pay these sums for the advancement of the Church of Christ.

Yours in Christian Service,

Carl G. Haass

Elmer Hoefler

Report of A. Knoll chairman of finance committee.

Mr. Chairman + members of the church council. The campaign for the raising of the 1938 current expense budget conducted during the period of Nov. 14th to Nov. 28th has been concluded and the finance committee is pleased to report on the results of the campaign. From a financial standpoint the results of the campaign have been very disappointing but the spirit of cooperation and helpfulness on the part of the congregants has been inspiring and promises well for the future campaign. Our membership of 622 individuals, members contacted either from the pulpit or thru personal visitation produced 414 individual pledges in the amount of \$6239.80 equal to \$15.02 per member per year not including one pledge of \$500.00 from the Altar Society. In percentage this shows that only 66% of our membership support the church and 34% or 208 members do not. The first two singathing Sundays Nov. 14th + 21st produced 219 pledges amounting to \$4595.60 while personal visitation produced 205 pledges amounting to \$1644.20. Some of our members found it necessary to reduce their contributions while others increased theirs slightly, but only a few new pledges were secured to partly cover the loss sustained by the death of some of our loyal members and liberal givers. The generosity

110

high number of non-contributing and delinquent members deserves your serious study and prayerful consideration because in a majority of cases it is not the lack of money to contribute, but lack of understanding of and utter indifference to the great religious service that the church may perform for them and the community in which we live. Significant it would seem is the fact, that none of our members who refuse to have any part in the support of our church, have offered their resignation on the contrary, they seem to appreciate church and membership as long as it does not cost them anything.

Respectfully submitted

Pastoral Report for the 75th anniversary year 1937
submitted at the Congregational Meeting
Jan. 19, 1938... Rev. E. H. Hooper.

A congregation looks back with much gratitude and with a sense of blessing upon the Diamond Jubilee Year just passed. When one considers the faithful efforts put forth by those who had a mind to work, the rewards were ample. One's only wish might be that a 100% participation of the entire church-family had been possible. How much greater the results would have been. But in every church in all time the parable of the Talents is constantly re-enacted. There are folks of various degrees of talent which are utilized in various capacities, and there is always prevalent the unprofitable servant who buries his talent and excuses his lack of doing anything by finding fault with the Master, stewards of those riches we all are. That was true in the time of Jesus, and it is true to-day. It may be a part of the wisdom of God that this is so, for this very fact is a constant challenge to every worker to carry his own share of Kingdom Service, and expend a little extra effort to help the weaker brother and sister as a matter of the second mile.

The reports of the organizations through their respective leaders will speak adequately for themselves. The church council which has faithfully and with ability carried its entrusted duties, will through its officers report on the membership, the attendance at worship services, and the participation in the financial program of the church. Our obligations have been met, and with the exception of expanding our service program in certain directions, laying aside a sufficient sum for the reconstruction of our front church steps and terrace, and setting up a reserve for the payment of a large fire-and-storm insurance premium, made impossible because of a lack of income, we have carried on.

Our program of Religious Education through the Sunday School and confirmation classes has gone forward with the help of faithful S.S. teachers and officers, the amount of whose work is seldom realized by the bulk of the church's membership. Education of the next generation in Christian principles and knowledge is one of the most important tasks facing the church. Good teachers, adequate equipment, excellent teaching material is not the only requirement of a good church school. The cooperation of parents in sending their children regularly to S.S. and church worship, as well as constant effort to bring in the unchurched children of the community is required. May I ask that our congregation support the S.S. a bit more heartily in its ministry of education. Eleven youths were confirmed last year, the hours of confirmation instruction approximating 70. _____ new members were won for our church fellowship by transfer from other churches, by instruction and confession of faith. Eight members were lost to us through death, including an elder from our church council, and a number of very faithful and generous members. Perpetual memberships were dedicated to the memory of Fred Keller, Frank Druselman and Anna Caspar, all of whom remembered the church in the last will and testament. One membership endowment in honor of Mr and Mrs Fred Reuschle was received in connection with the 75th anniversary, a suitable plaque for which will soon be placed. May others follow these fine examples!

We are deeply grateful to all workers, be they in honored positions in the church council or on executive committees of our organizations or in the humble ranks of prayer-supporting members, whose unselfish service has made possible another year of progress. With renewed zeal let us enter into the task that confront us in the new year.

In order not to duplicate what you will hear in the forthcoming reports I should like to give you a bird's eye view of a Pastor's activity in a modern city church, which believes in cooperation with the denomination, the Federation of Churches and the character building agencies of a commu-

-2-

I do this, not to show that the pastor is a very busy man, but to enlighten those who in every church think the minister has little or nothing to do save to prepare a sermon, a Sunday School and confirmation lesson each week, and share in the program of the various organizations of the church. All members should be aware of what the pastor's work in a local church involves. Not all of them however realize that this is but one part of the tax made on a pastor's time and energy. The tasks that I am about to enumerate could be duplicated by every pastor in every church of our size and cooperative spirit. I believe they are greater than they were in the so-called "good-old-days", when each church tended pretty much to itself, and religion was largely defined in terms of preaching, teaching and local church activity.

In the community the pastor has had the following responsibilities:

1. President of the Rochester Ministerial Association: This requires about 5 hours of work per month, besides the times when one is called into various community enterprises as representative of the above body of Rochester and Monroe County clergymen.
2. Member of the Investigation Committee and of the Board of Directors of St John's Home for the Aged. Through the faithful efforts of our representative Mr. Albert Meili Sr, St Paul ranks next to Salem as having the largest number of members in the association supporting and owning the Home. Time spent in the work of the committee and board varies from three to eight hours a month, depending upon the cases before the committee investigating the applicants to the home for residence and care.
3. For seven years the pastor has served on the Inter-Faith Community Council which meets monthly to consider cases of crime, delinquency and community needs. It is composed of clergymen from Prot. Catholic and Jewish faiths, judges, probation and parole officers and school men. Play Ground needs, crime prevention, delinquency of minors, reading and recreational and work facilities for inmates of the penitentiary and jail, all come before this committee.
4. In the work of the Federation of Churches your pastor spends anywhere from 10- 25 hours a month as member of the Executive Council, chairman of the Summer Vespers committee, committee on Evangelism, and Social Welfare Committee.
5. As advisor for the Monroe County Youth Federation, the pastor meets regularly with representatives of the youth organizations of Monroe County Churches, and is responsible with four other advisors to the Federation of Churches for the cooperative program this Youth Group engages in. Recently this has included, the Peace Essay and Poster contest, Peace Forums and Kozy Hours, The Youth Meeting for the World's Fair of Missions, and preparation for the three-day State Youth Conference in Syracuse to be held the end of February.
6. Membership in the North Side YMCA council means help with the program for young men and boys of the north section of our city, particularly with those under-privileged groups which easily turn into gangs of petty criminals. This program of prevention by turning the minds of unoccupied young men is but one of the blessings that a community enjoys because a group of people is quietly on the job. Then too because of our proximity to the Maplewood "Y" the pastor is interested and helpful wherever he can in its program, and in the annual membership drive.
7. In the state-wide work of interdenominationalism your pastor is on the State Board for Social Action meeting three times in the year in Albany. Membership in the Social Workers Club requires additional thought and time.
8. In the denomination your pastor as vice-president of the New York district shares with President Carl Hass and four others the task of keeping our forty-two churches working harmoniously in the denominational work. His special task is the apportionment of the synodical budget among the various churches, few of which are anxious to accept

-3-

their assigned share, but usually come with one kind of excuse or other why their share should be made less. It makes my own work and position easier when a church like St Paul's carries its full share in the synodical budget, and has paid about 40% of its part in the liquidation of the denominational debt. This district executive committee meets four to eight times in the year, and is also responsible for the conference programs.

9. Five full days in the year are spent at meetings of the executive committee of the New York District Women's Union usually held in Buffalo.

Two pastors of the district are appointed as advisors to the work done cooperatively by the women's societies of our district.

10. As member of the National Committee for the Youth Program of the Evangelical and Reformed Church, I am required occasionally to slip out of town over-night, spend the next day in meeting, and the next night on the train back to Rochester. Time for thought, correspondence and reading must also be assigned to this work.

11. Then there is the Fellowship of Reconciliation with its program for peace in which the pastor works in the Rochester area. The support and interest in the Hilander Folk School in Tennessee. The Committee for World Friendship among children, with its present project of suitcases for needy children in Spain.

Add to these the extra time and thought given to E and R Youth Federation meetings, United Brotherhoods, and United Church Councils, Council of Church Women and its special activities, and you will see that there are a few things a minister has to do beside the work in his own congregation.

Beside 849 calls made on members and prospective members of the church, 187 calls were made on sick and shut-in friends of members, or people in the community who were not under the jurisdiction of other churches. For it is a pathetic truth that almost 40% of Rochester's citizens are in no way connected with any church, and seek the services of organized religious groups only when sickness and trouble and death makes an unexpected call in their home. Of the sixteen funerals officiated at last year, nine were not members of a church.

From this somewhat tedious recital of fact you will understand how much a pastor appreciates the cooperation and service of members within the church, who share with him the responsibility of keeping the home fires burning cheerfully harmoniously and brightly. For the church and its pastor can minister only to the needs of the world without in proportion the the strength and harmony of the church itself. The less we have to fret and worry with petty things within congregational life, the more able we are to heed the Master's commission to represent Him and His Love and Service to all the world. Appreciating the kindness of the working elements of St Paul's and what they have done in the past, I encourage you to go on with the good work, so that my hands will be somewhat lightened of their burden, and that I may minister to you not only, but for you in all places of need in the wider fields of Christ's Kingdom, and those areas that are not yet under His sovereignty.

A motion made by F. Christ and 2nd by F. Vogel that the combination of Snider and Burt as organist and director respectively be accepted at salaries ^{as proposed} in music committee's report. (carried)

Music Committee's report is as follows.

At the special meeting held Sunday May 8th, 1938, it was agreed by the music committee that their choice and preference would be a trial for a period of one year of a combination of a choir director and an organist (two people). Allen G. Burt has been selected as director and Merwin S. Snider,

139

organist, both of whom are at the present time studying at the Eastman School of Music.

It was suggested that a contract be drawn up for a period of one year in the case of the organist and ten months for the choir director; these contracts to start Sunday September 4th, 1938.

The salaries are to be \$30.00 per month for the choir director and \$25.00 per month for the organist.

During the period between now and September 4th, it was suggested that we hire Mr. Snider beginning May 22nd and until the first of June as organist and director at a salary of \$7.50 per Sunday. Beginning June 1st, 1938 and for the month of June, we would endeavor to use both Mr. Snider and Mr. Burt at a salary of \$5.00 each per Sunday. From July 1st until September 4th, we would have an organist only, preferably Mr. Snider at a salary of \$5.00 per Sunday.

As there was no further business the meeting was adjourned with the Lord's prayer, prayed in unison.

10 annual Report of the Pastor - Elmer H Hoefler,
St Paul Evangelical and Reformed Church
 Rochester, N.Y.
 Year-1938

76th - Congregational Meeting - Jan 18, 1938..

II Cor, 9:1-3 " For as touching the ministring to the saints, it is superfluous for me to write to you...for I know your readiness, in which I glory in your behalf, for your zeal hath stirred up many of them."

I might say "ditto" to these remarks of St Paul, esp. regarding the active and loyal members of St Paul who have kept life stirring in our church, and through its activities, strengthened the work of Christ to whatever areas of human endeavor His spirit constantly reaches. I venture the guess that there were exceptions to the zeal Paul so heartily praises in the Corinthian Church, even as you know without my telling you that there are exceptions in our church as well, men and women, young people and children, who, though enrolled in the army of the Lord, usually are absent when the roll is called for any service..... In retrospect over the past year, one can say, It was good, it was bad, or it was fair-ro-middleline... depending upon what facts you include or leave out. That there is always great room for improvement, is certainly recognized by all, and one is always buoyed up by the hope, that more will be done about it in the future, than has been done in the past///

From the record of pastoral services:

Baptisms- 9	Confirmands - 13	Marriages 4	Funeral services 17, (7 members)
Communion -			

New members received 49, incl. the confirmands. Since 1929, 461 new members have been received into St Paul's. One is tempted to ask, "Where are they?". On the other hand, where would St Paul's be without many of them who have become a vital and interested part of our congregational life.

Pastoral Calls during the year - 1043 (200 and more to prospects, friends, or shirt-tail relations of the church)
 In addition to the preaching and teaching ministry within the church, the pastor taught in the Federation of Churches Teacher-Tr. School last winter, and given 57 lectures, sermons, outside of our church.

Church Attendance at Sunday worship services has been satisfactory, but so many who wilfully disobey the 4th commandment, need to be made to realize that the moral Law of God includes Sabbath worship. This is God's will. If we are to be members of His Church, we cannot set it aside at our lazy will.

The 1938 Budget- A bit more than \$6000 of an \$8500 budget was subscribed. We have entered this year with a small deficit- \$7.50, the first in 8 years. This should not have been, even if we remembers that 1929 ended with a deficit well over \$2000. But then we had an interest item of \$2500 annually. We are happy to be again a 100% church meeting our Kingdom Service apportionment of \$1005 in full, in addition to \$103 for debt liquidation. On the latter we yet owe \$55, which should be cleared this year. I sincerely wish it were possible to build up our benevolent giving so that we could support special Kingdom Projects, as well as increase our giving of \$50 to the Federation of Churches to \$75 or \$100, and \$50 to the Rescue Mission. But just about when yne thinks this can be done, the giving of members shrinks again. Our debt on the church and parsonage stand at the lowest figure in 35 years...\$4500....Our P.M. and Endowment fund, into which we hope more and more of our loyal members will put legacies, now amounts to \$1950. There may still be a possibility that St Paul's will be debt-free by its 80th anniversary in 1943. If our members would as generously remember their church in their wills as did the Fishers and Fred Keller, it might even be possible some day to erect a parish hall in honor of our Perpetual members...free and clear of debt.

Ministry of Music:

After serving St Paul's since 1903, Henry Betz was forced in the past year to give up his beloved organ, due to ill health. He is not yet able to return to work, and it is questionable when he will be able to do so. The church council has elected for a year, Mr. Allan Burt as Choir Director, and Mr. Mervin Snider as organist. These young men are graduate students at the Eastmans School, and hail from California. They have carried on the work with vigor and enthusiasm, and our worship services have been enriched with exceptionally fine singing. With such fine opportunity to gain training in singing, it is with regret that I see so many St Paul people fabricate excuses as to why they cannot sing in the choir. At any rate, others do appreciate the opportunity, and our newly rebuilt choir loft is practically full each Sunday. When this report is dug out of the archives at the time of the 100th anniversary, I want the minister then to know that, back in 1939 even, there was more loyalty to card clubs, and bingo games in neighboring churches, than to the church and its service, among those who prefer to bury their talent, and trust they can find as good excuses before God, as the one-talent man in Jesus' parable.

To the retiring members of the Church Council, Brd. of Deaconesses, and the officers of the various organizations, who have carried loyally on, I am sure the congregation joins the pastor in expressing our sincerest thanks.

The organizations of the church, in the large, have again been the support and mainstay of the church. The harvest is yet great, let us pray the Lord of the Harvest, to touch hearts with his spirit, that laborers may go forth in increasing numbers into his vineyard of service.

Among the gifts that will be installed within the next few weeks, is a reredos back of the pulpit, which will eliminate the green hanging that has hung like an impenetrable veil before our choir director. This curtain will then be placed behind the organist. This will eliminate the fear of a number of good souls who have worried each Sunday, that he might fall off his bench into the auditorium.

While I am speaking of gifts, it would be greatly appreciated if someone would be touched in heart and purse to give two candleabra as a memorial. These seven-armed candleabra would be used for weddings, Christmas and Easter, and would be a fine addition to the altar equipment of our church to which we have been able to add considerably each year.

Plans must also be made for eventual replacement of the carpet in the sanctuary. It has been turned once, and near the entrances, is rapidly wearing out. A type-writer and mimeograph will also need replacement in the near future, should anyone want suggestions for additional gifts.

Pres. Roosevelt has said that the life of any democratic nation depends upon vital religion. Ex-Chancellor Brüning of Germany adds, that "if tyrannical forms of govt, in which the individual citizen has value only as a cog in the machine of the state, are to be replaced by more humane govts, then religion is the only force strong enough to accomplish this." If this is true, then the shame is ours when we so carelessly treat out religion, and think of it as of secondary importance, coming next in line to our loyalties to clubs, and amusements and lodges. How Christian is America? How long can Democracy be the heritage of a nation which spends:

for Gambling - 6½ Billion a year; for Liquor - 6 billion; for travel 5 billion; for med. care 3 billion, for Education 2½ bill. for tobacco 1½ billion; for cosmetics - 1 billion, for armaments 900, million, for religion and charity 550 million.

The judgement of God over our time will tell...

In Concl... I should like to ask for more zeal on part of members to win new members... And consider a plan suggested whereby the terrific waste of flowers at funerals be eliminated.

This project will be discussed by the United Church Councils.

Suggested gifts for St Paul's to be worked toward in this, and coming years:

- A Chime and Organ amplification system for our church tower.

 - New carpeting for the Sanctuary.

- Thanks are expressed to all, who through faithful service and loyalty in the church and organizations served the Master and His Kingdom during the year now past.

Report of the Altar Society, Mrs Fred Pfeil, Pres.
 Number of enrolled members 75; Average Attendance 36.
 Monthly topics of Women's Guild were followed. The three Guilds undergirded the work of the Society in many ways. Subscriptions to the "Messenger" and "Friedensbote" were taken. A picnic at Ontario Beach Pk was attended by 34. \$82 was contributed to the new Administration Bldg at Dunkirk, and an additional \$25 was contributed to the operating fund.
 The 77th Anniversary Banquet was the Altar Society's gift to the church on that occasion, in addition to \$300 pledged toward current expenses. \$20 was contributed to the new choir robes.
 Memorial services were conducted for the following members who departed this life:

- Mrs Catherine Smith Mrs Anna Byrnes
- Mrs Christine Stoffel Mrs Carrie Long
- Miss Martha Pfeifer

Twelve members attended the Annual Convention at Dunkirk Conference Grounds in September.
 The Altar Society thanks all who assisted in many ways, and urges women of St Paul's, not yet members, to join the society in the year 1940.

Report of the Brotherhood, Rudolph Kolb, Pres.

A Father & Son Banquet, Steak Roast and Sausage Roast were sponsored by the Brotherhood.
 The Church Calendar was again distributed to the members of the church through the sponsorship of this organization. Four new members were received and two lost by death during the year. \$100 was pledged to the support of the church. Twenty-five members attended the monthly meetings on the average. St Paul's again was among the leading Brotherhoods so far as attendance at the annual retreat of the Synodical Brotherhood at Dunkirk was concerned.
 The second annual Brotherhood communion service was held on Ascension Day.
 There is a place in the service and fellowship program for every man of St Paul's in the Brotherhood.

Handwritten notes and calculations at the bottom right of the page, including a vertical list of numbers: 214, 11900, 106, 1206, 212.

The Board of Deaconesses. Mrs Geo Gardner, Chrmn.

In addition to calling upon members of the parish, the deaconesses took charge of Altar Flowers for the Sunday services, and distributed more than 70 bouquets to sick and shut-in members. Christmas and birthday cards also were sent sick friends.

The deaconesses assisted in greeting visitors at the worship services, and made a total of 804 calls. There are 9 districts in St Paul's parish, and when enough women are interested to serve, there is a total of 18 deaconesses, two to each district. Each has a register of the members of her district, and reports on the number of calls made at the quarterly meetings. Six deaconesses are elected at the congregational meeting each year, being installed along with the church council men. Their term of service is three years, and they may be re-elected.

The Sunday School

Edward Uehlin, Supt. Ray Raufeisen, Assistant.

Meeting for religious instruction each Sunday morning at 9:15 in the well-equipped S.S. hall, children and adults alike receive regular Christian training. 278 are enrolled in the school, including baptized babies in the Cradle Roll, and several octogenarians in the Bible Classes. The average attendance has been about 135. This should be improved. The indifference and spiritual indifference of many parents, who do not consider S.S. attendance a sacred obligation upon all baptized children, is the primary cause of failure to build up a larger attendance.

"Christian Hymnways" were purchased for the entire S.S. and final payment was made on the new oak chairs in the Beginner and Primary Depts. The S.S. shared in the gathering of food and goodies for the Xmas baskets for needy, sick and shut-ins of the church, the Social Welfare Dept. of the Altar Society being in charge of this project. The Pig Banks for Lepers, and the Fund for the care of an Indian child, are two of the charitable interests of the Sunday School.

The offerings of the S.S. pupils is sufficient to defray all expenses. Some help is even given young people who attend Dunkirk Camps and summer conferences.

At present there is need for additional teachers who are willing to give consecrated and dependable service to the Teaching of the Word of Truth to those upon whose shoulders the work of the church will fall in another generation.

The S.S. is to a large degree, the church of tomorrow, and should receive the earnest interest and support of the entire congregation.

The Old Timers Club. Wm C Walch, Patriarch.

Organized at the time of the 70th anniversary of St Paul's in 1933, this group composed of the old-time members of the church, particularly those whose membership dates back to the old church on Fitzhugh Street, meets quarterly.

It seeks to maintain a spirit of fellowship among the old-timers. An annual dinner in January, the Palm Sunday Confirmation Rally, a summer picnic and a fall fellowship might constitute the major activity of the Old Timers Club.

Miss Ida Pagels is Church Historian, and keeps not only the modern record, but has inscribed many of the memories of the past, whose value increases as the years go by. A sad loss was sustained during the past year, when the first patriarch, who has led the group since its organization, was called to the higher life. Patriarch William Kruse will be remembered not only for his long membership in the church, but also for his 40 years of uninterrupted service as a singer in the choir. Henry Betz, another old timer, who served as organist and choir master of St Paul's from his 17th to his 54th year, passed away on second Xmas day. 37 years was the span of his service.

The Choir

Allan Draper, director Harold Steen, Organist
Elizabeth Kelly, president.

The director and organist came to St Paul's in the autumn of 1939, and have succeeded in gathering a sizeable choir, particularly from among the younger members of the church. The choir assists at all of the worship services, and is a decided help in making these uplifting and worshipful.

The Junior and Senior League

Arlene Norry, Pres. Ruth Stoll, Pres.

Though the Senior League has apparently gone into what we hope will be temporary hibernation, the Junior group meets regularly on alternate Sunday evenings, and for monthly social and fellowship hours. Mr. Alex Elsesser, a student of theology at the Rochester Seminary, is adult counselor.

The Senior League officers are active in the Monroe Co. Youth Federation and the E&R Youth Fellowship, and hope that interest will revive among the young people of St Paul's, who through sporadic attendance made the discontinuation of the regular meetings compulsory.

The Symposium

Lucille Reuchle, Pres.

This forum group of younger adults meets on the last Sunday evening of the month. For a time supper meetings were held. Then informal meetings in the homes of members was tried. This year the group meets in the church at 7 o'clock.

Following a book-review, a discussion takes place, and the evening is concluded with refreshments and fellowship.

11th annual report to the Congregational Meeting
of
St Paul Evangelical and Reformed Church
Norton and Jewel St...Rochester, N.Y.
by the Pastor, Elmer H Hoefler...

Jan 24, 1940

What the Apostle Paul set as the motive and goal of Timothy, serving one of the early Christian Churches of our era, may well be the yardstick by which we measure both ~~our~~ ^{his} aims and achievements of our individual and congregational life: IITim.2: 15 "Be diligent to show thyself approved unto God. A workman who needeth not to be ashamed, handling aright the word of Truth".....Our task is not only judged of men, but it is primarily the judgement of God upon us that is important to the Christian and his Church... The approval of man upon our success is only relatively important in the judgement of history and eternity. The approval of God upon our zeal, our diligence, our faithfulness as workmen in the Lord's vineyard, is of utmost imporatnce.

In a spirit both of humility and of thanksgiving my pastoral report is given, covering the year of grace that has passed into history never to return. There have been failures and successes, sine as well as moral victories. In all of them, we thank God, take courage, and ask that we might more diligently seek His approval in all things done. This, I am certain, is not only my sentiment, but that of all who have been privilegde to occupy positions of leadership in St Paul(s) and in its organization during the year past.

The Word of God was preached in our sanctuary on every Sunday morning during the past year. A considerable portion of our congregation remembered "The Sabbath Day to keep it holy" through praise and worship. There should have been more. There might have been less. 70 services in all were conducted in our church on Sundays, and during the Lenten Season. The deacons have kept faithful record of the total attendance. ~~Sixen~~ ^{Sixen} communion services were held, including the Ascension Day communion of St Paul's Brotherhood men. Total number of communicants were... ~~587~~ ⁵⁸⁷. A number of fellowship gatherings were held throughtout the year for the furthering of friendship and acquaintanceship amonf the members of our church family.

The Sunday School met regularly, and faithful teachers sought to prepare hearts and minds of our children for an understanding of the Faith, and for its acceptance in daily life. Unfortunately many parents are not as diligent to show themselves approved of the Heavenly Father in the matter of the spiritual care of little ones entrusted to them, and our record shows erratic attendance, and a declining enrollment. The number of non-Protestant people moving into our community increases to make the problem of recruiting children from the community for our church and S.S. acute. We ought stand faithfully by our teacher and S.S. leaders in the sacred task entrusted to them.

7 children were confirmed into membership of St Paul's after instruction of two years, with exception of one, who could come but one term. ~~1-28~~ were received into the fellowship of the church through instruction, confession of faith or by letter of transfer from other churches.

~~26~~ received the sacrament of Holy Baptism... 8 of whom were adults.

9 couples were united in Holy Matrimony

27 were committed in death unto Almighty God, 14 of whom were members of our church.

Among them were Wm Krase, ex-councilman, 40 years singer in the choir, and patriarch of the Old Timers Club, and Hy Betz, 37 years organist in St Paul's

In the matter of expanding our church's program I want to present to the congregation for discussion and for a vote of recommendation or rejection....Several years ago our Evangelical churches, in cooperation with the Presbyterian, Methodist and Baptist churches of our city, undertook the raising of a budget for a Hospital Chaplain, This service gained such wide-spread recognition that before long the hospital chaplaincy under Rev. Palmer was ordered included in the Federation of Churches budget. The wisdom and vision of our churches was thoroughly proved....You are all aware that after 36 years of loyal and devoted service to St John's Home for the Aged, from the time when our 'good ladies had to go from house to house, almost to secure funds for its maintenance until to-day, with a sizeable endowment and help from the Community Chest and its own association members, it provides a safe and peaceful lodging amid Christian atmosphere for 74 aged people. It was considered wise that a change in management be made, and so Sister Christine has resigned. She is not yet an old woman, being in the early sixties, and in robust health. She is trained in nursing and in spiritual ministrations. A number of our pastors and laymen have been considering the possibility of engaging her for a visitation and nursing service by the Evangelical and Reformed Churches of Rochester, for our aged, sick and shut-in. Where cases of need arise and where there is no conflict with the Public Health Nursing Association, she might be of assistance in homes where there is sickness and where a full time nurse is not needed, or can't be afforded. Detailed plans will of course have to be worked out under the direction of the United Church Councils. St Paul's was among the first to cooperate with the founding of St John's Home. I hope that this congregation will go on record favoring cooperation within the limits of our financial ability in organizing this Evangelical Parish Deaconess service, with Sister Christine as deaconess-visitor, and nurse. Your pastor suggests that Pres. Bareis bring this into discussion during the period of new business in to-night's meeting.

-2-

together with other old-faithfuls, whose loyalty and generosity to the church will be sorely missed.

Pastoral calls on sick and infirm of the church and community, as well as upon members and friends of the church- totalled 1003.

The 1940 Budget, though not completely underwritten, yet showed an increase of almost \$500 over the year previous. We trust that all pledges were made in good faith, and that members will be able and willing to undergird the financial needs of their church. A total of \$7500 has been pledged toward an \$8500 budget. From loose collections we again hope to be able to duplicate the fine record of last year reported by the treasurer of benevolences. I am sure that as much as any one thing that merits the approval of God, is the fact that the Kingdom Service Apportionment was again paid in full by St Paul's, and that we were able to take on even additional burdens of the sin-stricken and war-torn world, in which the Master's injunction "Inasmuch as ye have done it unto the least of these my children, ye have done it unto me", could be given real support. Our denomination orders that every communicant member should be a regular contributor to local church and benevolent causes. That perfection has not yet been attained by St Paul's, for there are almost 125 communicants of the nearly 600 who contribute little or nothing to the support of the Church of Christ. This constitutes a mission field within our church, that ought to be worked diligently.

Our indebtedness is at the beginning of the 1940 decade the lowest it has been in the 20th century. We hope that it may be removed by the time of our 80th anniversary, not that our job may be softer, but that we can expand our labors and our gifts into ever more effective channels of Xtian service.

Two Membership Endowments were rec'd during the year. No legacies were received. May we urge it upon all members to leave an abiding token of their love and loyalty to the Kingdom of God, in the form of bequests in their last wills and testaments. Nowhere else will their good continue longer than when invested in the program of the Christian Church. Several gifts beautifying our church sanctuary were received during the year. Here are several more, lest anyone think we are now all set:

A Tower Chimes amplifier: Once a set of tower chimes or bells cost in the neighborhood of \$10,000. Thru electrical amplification, a permanent weather-proof set for amplification of organ and chime music may be had through Edward Graef of Levis Music Store for about \$600.

A new typewrite and mimeograph. Ours were second-hand when purchased about 15 years ago.

A new carpet for the sanctuary. Though the old one may do for several yrs yet, it is not too early to begin thinking in this direction.

Our good ladies of the Altar Society are planning to purchase a new stove and water heater for the kitchen. All strength to them. In their work preparing parish suppers, they need adequate equipment.

The various organizations of St Paul's have continued actively thru the year with the exception of the Senior League, which has apparently gone into a state of coma, out of which we hope it will soon rouse. The Symposium also should have much larger cooperation than it has received from younger adults of the church who have time, interest, intelligence.

To officers of all organizations, to councilmen including pres John Bareis and Vice-president R. Kolb, and all who have given generous and loyal service to the church and the kingdom, even as they promised when installed in their resp. offices, the sincere thanks of Pastor and People of St Paul's Church. May we continue thru the months and years ahead, to serve God, and our fellowmen, by faithful devotion to the Word of God, and the Spiritual principles embodied in the life and teachings of our Lord and Master Jesus Christ.....

Special Commendation - *Wm. H. Hooper, Pastor*
